Professor discovers perfect love potion

After 23 years of research, Dr. Rufus T. Valentine, noted romanceologist, has discovered the perfect love potion.

Said Dr. Valentine: "The FTD 'Sweetheart' Bouquet is a perfect combination of flowers and a heart-shaped potpourri in a ceramic powder jar. Lab studies have shown it to have a powerful romantic effect on both sender and recipient."

"However," Dr. Valentine warns, "the effect seems to peak around February 14. And you must make sure to go to an FTD Florist. Otherwise," he added, "you may find yourself spending Valentines Day alone in a most unfortunate place—the library."
