LISTEN CLOSELY, AND GET $25,200 FOR COLLEGE.

As a Signal Intelligence Voice Interceptor in the Army, you could earn up to $25,200 in college money, if you qualify. And if that sounds good, listen to this: If you enlist over 80 skills you could train in under the GI Bill Plus the Army College Fund.
Here's how it works: once you qualify, you contribute $100 a month from your first full 12 months' paychecks for a total of $1,200. The government and the Army contribute the rest: up to $9,600 from the government and up to $14,400 from the Army.
Valuable skill training, and up to $25,200 for college. Sounds nice, doesn't it? Call your local Army Recruiter to hear more.

Going to McDonald's® is almost as much a part of school as going to class. You've made us the place to meet, to talk...to have a good time, to celebrate your victories and help forget defeats. You've made McDonald's more than just another place to eat. And that's why, at McDonald's, we say...
