Blood donated

Craig Flores has a lot of persons interested in his welfare.

Craig, the eighth-grade son of Mr. and Mrs. Tony Flores, Beaver Creek, has leukemia and is fighting for his life. But blood drives held last week at Clackamas Community College and in Beaver Creek saw donations made in his name numbering over 150 pints.

The Beaver Creek blood drive netted 84 pints of blood in Craig's name, said Lois Stevens, chairperson of that effort. Last week's Red Cross Blood Drive in the CCC Community Center resulted in approximately 100 pints donated on behalf of the Beaver Creek youth.

Conference held

The Region XIV Association of College Unions-International (ACU-I) fall conference was held last weekend in Pullman, Wash., and Moscow, Ida.

The conference, which was co-sponsored

by the University of Idaho and Washington State University, offered a variety of workshops -- most of them activities related.

The only workshop held that was not originally scheduled was set up by Jerry Bellavita, Associated Student Government Assistant to the President at Clackamas Community College.

Bellavita's workshop centered on development of community related programs and setting up workshops in this vein for the next Region XIV conference. It was the hope of the participants of Bellavita's workshop that their work would have an effect on the national ACU-I conference in San Diego later this year.

Holiday ideas

First Thanksgiving Foods, Thanksgiving Crafts, and Tempting Turkey Ideas will be the titles of three workshops to be presented at Clackamas Community College Wednesday, Nov. 10.

First Thanksgiving Foods will be held from 10 a.m. to noon in room 101 of the Community Center building by Lillian Pierce, who presented a bicentennial cooking series at the Kobos Company in John's Landing earlier this year.

She will provide a number of pioneer recipes and demonstrate how to cook a number of foods including Indian pudding.

Thanksgiving Crafts will feature Dianna Shaffer and demonstrate how to dress up a holiday table with old and new crafts. The program begins at 12:30 p.m. and will be held in CC-101.

Tempting Turkey Ideas begins at 3:30 p.m. and will show new ways to use turkey and will exhibit new turkey products. The workshop will be held in CC-117.
