## Bloodmobile set

Blood donations will be taken by the Red Cross Bloodmobile Wednesday, Feb. 16 in the Community Center at Clackamas Community College from 10 a.m. to 2 p.m. "I'm hoping we'll reach our goal of 100 units," said Bonnie Hartley, CCC nurse. The last campus blood drive netted 116 units of blood, 16 units more than the goal called for, said Hartley.

Blood can be donated if you are 17 through 65 years of age (17-year-olds must have a signed parental consent form.); if you are in good health; and if you weigh at least 110 pounds.

Blood cannot be donated if you've had hepatitis within six months; if you have a cold, sore throat or flu; if you have heart disease; if you've taken oral antibiotics within the last two weeks (if injected, within one month); for six months after major surgery; or if you've had your ears pierced within the last six months.

## Board openings

Two Clackamas Community College Board of Education posts are up for grabs this spring with April 19 set as the tentative date for a special election.

The terms of board members Roger Rook and Bonnie Jones expire on June 30, 1977. Rook, a Milwaukie attorney, has represented Zone 3 of the community college district for seven years. Jones works as head of community education for the Estacada schools, and has been on the board since 1974.

John Kauffman of the Clackamas County Elections Office said that filing for these two positions will likely open on or before March 3. The deadline for applications would then be March 15 at 5 p.m.

## New typewriter

A memory typewriter has been purchased from IBM in Portland for the advanced typing class (SS 124), according to Sharon Cooper, business instructor.

The typewriter costs a little over \$5,000 and stores information for later use.

As an individual types, the material that appears on the paper goes into the typewriter's memory. This process enables one to have the material for later use if another original is needed or if there are changes to be made.

Cooper said training time on this type of machine takes 25 hours, according to IBM.

Cooper said these typewriters are used at Eastern Airlines in baggage claims and in many legal offices.
