Wunderland***
Dave: A bit spendy for my taste; they charge you an arm and a leg
just to let you in, and then you still have to pay to play the
games!
Nol: Best selection of games in the area. One heck of a nickel and
dime arcade, but if they keep raising the prices.... well
exorbitant is the word.

Games People Play***
Dave: O.k., o.k., so Nol and I have been here more than a few times, it is my favorite arcade out of all the others. A bit crowded at times, but you can't beat a \$5 cover charge that includes unlimited free play.
Nol: Personal favorite: best value in the vicinity. Some of the games are a little worn or dated, but I've never failed there in my personal pursuit to escape reality.

Dave: Get this! Here are ten animals that have pouches!

- 1) Kangaroo, (a hoppy animal!)
- 2) Tasmanian Devil, (a mean little animal!)
- 3) Sea Horse, (Not bad! Except that the males are the ones with the pouches!)
- 4) Pouched Mouse, (Mickey with an envelope!)
- 5) Koala Bear, (Ahhhhhh...they're soooo cute!)
- 6) The Wombat, (a cozy little pouch!)
- 7) The Wombat, (A burrowing Australian Marsupial resembling a small bear -- Yogi goes digging!)
- 8) Wallaby (A midget kangaroo!)

Five print disclaimer! Some of the information for 'Dave and Wol's' recreational review was gleaned from the book 'Bigger Secrets' by William Poundstone, and the 'Book of Lists,' by Wallechinsky. Wallace and Wallace. The only caveat, we mentioned this is so we won't get sued. So there!
