Golfers earn money for college

Chad Patteson
Photography Editor

Two golf invitationals raised a total of more than \$55,000 last month for programs at Clackamas.

The first of the two events was the Ninth Annual Thriftway/CCC Invitational, which raised \$10,000 for the College Foundation. It was held at Arrowhead Golf Club on Sept.9. Foundation projects, such as the scholarship program, student emergency grants and the Bill Hargadine Endowment, which funds student scholarships, will benefit from the money raised.

Out of the twenty-three teams that competed, the team with CCC's own David Dickson, John Bachofner, Bill Cassel, John Ludlow and Tom Berning had a score of 60, which captured the first-place position and a prize of merchandise certificates valued at \$400. The second-place team members received certificates worth \$200 and the third-place team members received \$100 certificates.

The second golfing event was the Second Annual Corporate Challenge Invitational Golf Tournament on Sept. 19 at the Oregon Golf Club in West Linn. More than \$45,000 was raised for the Foundation when entrants donated \$625 per person to compete

on four-man teams.

In first place, with a score of 115, were Phil Stevens, Jim Robinson, Dave Sorenson and Wes Lawrence from Gerber Advertising and Key Bank. The

team representing Thriftway Stores Inc. of Portland and the team from Professional Food Services Management of Florida tied with a score of 118. Golf club rules awarded second place to the

Thriftway team. Third place went to the Professional Food Services team.

Twenty-nine teams in all par-

Students find registration process helpful

by Angela Williams
Staff Writer

Fall registration kicked off the latest changes designed to make the registration process faster, more effective and more organized.

Major changes in the system include spring term registration for fall and combined advising sessions and registration times.

"It is our hope that we make the process more effective. We are going to continue working toward

that vision with the student government," said Associate Dean for Student Services Mary Dykes.

Spring term registration for fall offers returning students a no-money-down, early registration. Tuition and fees are to be paid by a date set in August to confirm registration. The early registration proved to be an effective way to begin the fall term. Nine-hundred seventy-four students registered in the spring, and about 800 of them paid their tuition by the August deadline.

Student opinion stands behind the new process. "It saved me a lot of time. I didn't have to worry about the lines during fall registration," said returning stu-

dent Matthew Seymour.

"I think it made the whole process easier and fairer for the second-year students. I was actually able to get my classes," agreed Paula Harding.

"One change which seems to be more effective is having the advising session directly prior to receiving classes," Dykes said. This change eliminates the two separate appointment times which were given previously. Now when a students comes to register, they receive their advising and immediately begin choosing classes.

"I thought it saved me a lot of time, made things run more smoothly," said returning student Robyn Patty.

The system for registration was revamped for this year to make the registration process more efficient.

Training center opens

by Zach kreinheder
Business Manager

The Training Center, the newest edition to the CCC community, is now completed and in full operation.

Completed Sept. 20th, the Training Center is dedicated to

apprenticeship training. This operation was a joint venture between the apprenticeship community, Clackamas Community College and contractor Grigsby Construction. The college has
