

## Fine Host Corporation to serve Clackamas lunch

**MATT SHEMPERT**  
Staff Writer

Clackamas' Food Services Committee has recommended Fine Host Corporation for the position of Food Services Management at the campus cafeteria. Two companies applied, and a committee that included Associated Student Government members and college staff reviewed their proposals.

The committee evaluated the two proposals on categories including relevant qualifications and experience; business plan including pricing and menu; and the ability to meet service requirements for good-tasting food, nutrition, economically priced food, and com-

pensation to the college.

"Fine Host and Chartwells submitted proposals, and we evaluated them on five criteria. Fine Host scored the highest," said Dena Whitley, purchasing manager.

The committee also evaluated Fine Host's food and service at their site at Mt. Hood Community College. Mt. Hood recently renewed their contract with Fine Host, and their performance has been outstanding according to Mt. Hood's college Contract Administrator Patt Parmenter.

"We also visited Mt. Hood Community College and found the prices and quality to be quite rea-

sonable— quite exceptional," commented Whitley.

Fine Host was chosen by the College board and will replace Chartwells Dining Services starting next fall. Chartwells had a one year contract with a two-year extension that will end on June 30.

Financially, Fine Host offers 6% commissions back to the school, estimated to be as much as \$100,680 over the next three years. They also plan to invest \$50,000 to remodel the existing cafeteria, including a snack bar operation in the Skylight Dining Room. Mt. Hood, with a similar cafeteria, received the same remodeling, which was followed by a 22% increase in sales.

The committee believes that the changes will benefit students.

"I think you'll see an increase in the variety of the (menu) items, and a decrease in the prices of some items," said Whitley.

*I think you'll see an increase in the variety of the (menu) items....*

**For Sale:** Washer and dryer \$75 for both. Call Mandy at 650-9445.

The real world would be so much simpler if only it worked like the college world.

Imagine. The answers to life's questions could all be found upside-down at the end of a textbook.

Missed opportunities could be capitalized upon with a simple make-up exam.

And problems at work could be instantly remedied by taking the semester off.

At Portland State, we realize that the real world will never be like college.

So we've tried to make college a little more real.

More practical. More pragmatic. More relevant to life far beyond the ivy-covered halls of academia.

That's why our curriculum focuses not only on books and lectures, but on actual real-world experience in your field.

So you're out in the community learning how the real world operates.

Solving problems. Communicating. Collaborating.

In short, learning the things you'll need to know to succeed - not just while you're going to school, but long after you graduate.

Call us at (503)725-9983 or visit [www.pdx.edu](http://www.pdx.edu) to learn more about Portland State.

We're here every day. Just like people who live out there in the real world.

IF COLLEGE IS SUPPOSED TO PREPARE YOU FOR THE REAL WORLD, HOW COME THE REAL WORLD ISN'T MORE LIKE COLLEGE?
