Horoscopes

By Corinne Rupp

Aries- The coming week may ask you to redefine the term "freedom". Let your intuition in on the decision making process.

Taurus- It is time to buckle down and focus on the one dream that really inspires you. There will be time later for others.

Gemini- Go nuts Gemini. Don't

try to control the chaos, sometimes it is better to enjoy the ride.

Cancer- You will know when the time is right to tell your secrets, but right now it is better to keep it to yourself.

Leo- Don't let previous distractions keep you from your real goal this week.

Virgo- Indulge in some day-dreams, then plan out unreal ways to make them come true.

Libra- Shake hands with your inner child this week as you dance wildly under the stars, chanting your private mantra.

Scorpio- Guard your privacy. Introvert. Go deep. Think

big thoughts. Have wild fantasies.

Sagittarius- You can make anything look graceful and easy this week, so try something a little bit daring.

Capricorn- Don't use expired coupons or try to talk yourself out of a ticket. This is a week to

take it on the chin and pay of some old karmic debts.

Aquarius- It is time to make decision before the univers makes it for you.

Pisces- You worry too much. Try a week of assuming things will turn out all right. You might like it.
