"Cougar volleyball has been quite an experience! I don't think I have ever been through an experience that has taught me so much about life and accepting responsibility. I am grateful for all that I have learned from the program and for the relationships that have been formed. I am certain that I will never forget this year and that I will keep the lessons forever."

"Being a laid back person, Cougar volleyball stood to be something of an intense experience for me. Over all, Cougar volleyball is only a blessing. Through Cougar's volleyball, I have met some awesome people. I'm so grateful to God for everyone and everything He's put into my life. I look forward to all of His blessings to come."

Favorite Movie: "Ever After"

"Cougar volleyball has taught me responsibility and accountability. After taking off four years and coming back after being in the real world, I appreciate the relationship between being perfect in volleyball and perfect in life. My freshman year, volleyball seemed stressful and hard, but now I would rather play than work. I have had a wonderful experience this year."
