

Portraits of Success **Bravo, G.E.D. grads!**

Erik Kaster

Erik returned to school to make a big splash, receiving two associates degrees; one in networking and micro systems and one in computer applications. His GPA is an impressive 3.97. He plans to go on to get a bachelors in either electronics or computer engineering.

Summer Sayles

Perhaps it was Summer's enthusiasm and energy which made it possible for her to be the first one in her family to earn a college degree. She received an Associate of Arts Oregon Transfer (AAOT) degree with a 3.5 GPA, and will continue her education at PSU, majoring in education or counseling. So far, she has made sure that she's kept herself busy, always getting herself involved in campus activities, such as being a Student Ambassador, and working as a teacher's assistant at Estacada High School.

Cheryl Brain

Having received an associates in micro electronics systems technology with a GPA of 3.62, Cheryl plans to work in the semiconductor industry. She is currently in a work-study program with Intel, and hopes to be employed with them when she graduates.

Decole Ann Camarillo

Decole is an admirable person who has crossed many obstacles, and achieved a lot despite it. As a teenage mom and high school drop out, she wasn't able to complete her GED until ten years later, in 1999. At CCC, she served as ASG Child Care Senator for two terms, and president of the Native American Club. She is currently going through the application/hiring process at Coffee Creek Correctional Facility, where her strength should make her an excellent role model for women trying to turn their lives around.

Bravo, G.E.D. grads!

Much congratulations to the people who worked to earn their GEDs here at CCC.
