It is energy-efficient to turn off a fluorescent light only if it will not be used again within an hour. This is because of the high voltage needed to turn it on, and the shortened life this high voltage causes. Truly Amazing!

Send me other fun facts or science questions and I will answer them correctly or at least commentate amusingly. Send your wise and mad broodings to: gurfunk13@hotmail.com

Methodically Yours,
Dr. Quack the Science Hack

CAMPUS HAPPENINGS

Chrysalis, a women writers' group, meets every Wednesday from noon to 2 p.m. in Roger Rook's Literary Arts Center (RR 220). Local author Pat Lichen guides writers of all levels through discussions of their work. For more info, call ext. 2220.

Your Horoscope for Today

With Dr. James Tombe, Master of the Stars

Aries (Mar. 21 - Apr. 19)
Your political apathy will seem to melt away in the Iraqi heat.

Taurus (Apr. 20 - May 20)
Always remember: He who hesitates is lost, but look before you leap.

Gemini (May 21 - Jun. 21)
Love bites; especially if you keep teasing it with a stick.

Cancer (Jun. 22 - Jul. 22)
You will feel little comfort in the fact that some of us age like fine wine, but most of us age like rancid milk.

Leo (Jul. 23 - Aug. 22)
You will kill several people in an attempt to protect them from seeing a bare breast on television.

Virgo (Aug. 23 - Sep. 22)
You aren't the first person to think that their ideas are original.

Libra (Sep. 23 - Oct. 23)
Like many, you will discover the wonders of sexuality in the back of a car. Unlike many, it will be a hearse.

Scorpio (Oct. 24 - Nov. 21)
Despite all the evidence indicating otherwise, "Godzilla vs. Mechagodzilla" is not a documentary.

Sagittarius (Nov. 22 - Dec. 21)
An encounter with a hard-of-hearing genie will result in your acquiring a 12 inch pianist.

Capricorn (Dec. 22 - Jan. 19)
You will realize that dog would make good members of politically-charged groups because they, too, see things only in black-and-white.

Aquarius (Jan. 20 - Feb. 18)
Your instructor will feel little sympathy for your lecture-induced narcolepsy.

Pisces (Feb. 19 - Mar. 20)
Your offensive horoscope will insult your intelligence.
