I won't need anyone's help.
I can do it on my own.

With that degree, it's gonna give me more opportunity so I can make more **money**. I'm already working with human resources—how to deal with people, codes of conduct, loyalty, ethics, the hiring process, paperwork... A job is just a job. A career is something that you worked for. I feel better as a person now. I feel more **accomplished**.
