

Upcoming Sustainability Events

The Sustainability Project at Clackamas Community College draws attention to the challenges facing the planet through lecture, film and Earth-friendly events.

All events are free and open to the public. They will take place in the college's McLoughlin Auditorium, unless otherwise noted in the schedule that follows.

• **Today:** Speaker: Dr. Catherine Thomasson, MD, president of Physicians for Social Responsibility, "The Health Impacts of Global Warming and Healthy Solutions." 7 to 8:30 p.m.

• **Thursday:** Speaker: Anthropologist Dr. Robert Keeler, CCC, "Baseline Oregon: The Eve of Euro-American Settlement." Noon to 1 p.m.

• **Saturday:** "Celebrating Water." A family-friendly Earth Day event with displays, informational booths, speakers, giveaways, door prizes and hands-on activities for kids. 9 a.m. to 1:30 p.m., Gregory Forum.

• **Saturday:** Recycling – document-shredding sponsored by the Clackamas County Office of Sustainability. 9 a.m. to 1:30 p.m. in the McLoughlin parking lot. Limit two free document boxes per person, \$5 per additional box.

• **Tuesday, April 22:** Speakers: Sandra Kelly and Suzanne Briggs, Kaiser Permanente, "Human Health and the Future of the Planet." Noon to 1 p.m.

Appreciating our water resource

On Saturday, the annual celebration of water will be at the college for the third time

Sometimes it seems like trees get all the attention.

But from 9 a.m. to 1:30 p.m. Saturday, Clackamas will hold an event honoring a natural resource that cannot be hugged.

In light of Earth Month, the third-annual "Celebrating Water" will seek to expand attendees' knowledge of water usage through various activities, educational displays and a presentation by the

Springwater Environmental Science School. It will also include giveaways and other prizes.

"People that come to this event will learn about the different organizations in Clackamas County that are helping to protect our water sheds," said Alison Heimowitz, Environmental Learning Center Educational coordinator. "It will help the community understand how to maintain and improve the health of our water resources."

According to Kim Swan, water resource manager for the Clackamas River Water Providers, three questions will be covered during the goings-

on: "What are the resource issues?" the organizations that water resource issue "How do you get im

"By coming to people will learn how to serve water, what do our water, how we work, what are the issues, how to protect and create a habitable to live," Swan said.

Hands-on activities using ground-water wells and dissecting added.

To learn more, "Celebrating Water" Swan at 503-723- Heimowitz at 503- ext. 2644.
