Attention students: ignore gunfire noise May 9, don't plan to park in Barlow

There's a chance of hearing gunfire and seeing emergency personnel from 8 a.m. until noon this Friday, but students have nothing to fear. It's only a drill.

The drill is a simulation of a school shooting, using actors as victims and blank ammunition. The sound of the shots and sight of emergency vehicles, which may be seen or heard by students of Clackamas, are all part of the imitation attack.

Clackamas students also should not expect a parking spot by Barlow on May 9, as the college will be loaning the lot to the demonstration. The Oregon City Police Emergency Operations van will occupy the space, and a Life Flight is scheduled to land there.

In addition to local responders, Willamette Falls Hospital and American Medical Response ambulances will be involved as well.

Students are advised to remain calm and bear with the inconvenience.

Have an issue with the issue? Write a letter to the editor and bring it by RR135 or e-mail it to chiefed@clackamas.edu
