Shuttle frees the pocket

By Erik Andersen
News Editor

This experimental project developed by the partnership with the Clackamas Transportation Management Association, the county and CCC will run free rides four days a week, Monday through Thursday, starting at the Town Center at 6:40 a.m. and ending there at 6:30 p.m. according to the Clackamas Regional Center Transportation Management Association official Web site.

Please see SHUTTLE, Page 2

With a look to fit a bachelor including new leather seating and a TV, a free 20 minute ride from the Clackamas Town Center to Clackamas Community College seems too short. Starting on April 5, the Towncenter Xpress Shuttle, a 14 passenger van, began making its runs from the CTC, county building to CCC free of charge.

John Shufelt, Clackamas Print

Trake, a local sculptor, drives the new free shuttle that runs from Clackamas Community College to Clackamas Town Center. The shuttle started April 5 Monday through Thursday. The project is still in its trial stages, but ridership has been showing that students appreciate the service.
