Please keep in mind that summer term marks the \$5 tuition increase, raising tuition from \$79 per credit hour to \$84 per credit hour. Summer term also offers four week and eleven week courses in addition to the traditional 11 week courses. CCC's Enrollment Services Specialist Ric Jenkerson explains the benefit of this.

"It gives the student the opportunity to basically get two terms done in one term. For example, you can take CS-90 and CS-91 consecutively. Normally it would take two terms," said Jenkerson.

Although you can see fall classes already through myClackamas, the fall term schedule will be officially on the web this Thursday, May 16. The paper copy of the fall schedule is due to arrive Monday, May 20. It may seem overwhelming to be taking classes during spring term and register for summer term and then register for fall term only a week later, but this has its benefits as well.

"[Priority registration means] You're going to get the classes you need. We definitely encourage students to register as soon as possible, so we don't have as much of a crunch in September," said Jenkerson.

The registration department asks that you have all of your paperwork filled out if you are submitting it in person and would like to remind everyone to make sure their FAFSA and all of the documents under the myClackamas "My Documents" tab are submitted by the accompanying deadline.
