

SOFTBALL: Tourney begins Friday

Andrew Millbrooke The Clackamas Print

Cougars sophomore Elise Breshears makes contact during the game against Clark CC on Saturday. Breshears, along with other sophomore softball team members, were acknowledged post game for their participation this season.

The Cougars sophomores were honored after their final home game, but Silvius said the emotion won't hit her until they walk off the field for the last time.

"I feel like our last games will be more emotional," said Silvius. "It's our last home game, but once we get to the end, it will be more emotional."

That end comes up this weekend with the NWAACC tournament. Silvius said that the Cougars have a good

chance to go deep in the tournament again this year.

"I feel like we are pretty confident. We need to make sure we're not overconfident," said Silvius. "We have potential to get to the end again like we did last year."

The Cougars, 2012 NWAACC Champions, will be at Delta Park in Portland for the 2013 NWAACC Championships on May 17-20 to defend its title. With one week to prepare, the Cougars

are ready for NWAACC's. They are ready to take it easy, according to coach Buel.

"We're just going to have some fun," said Buel. "It kinda sounds funny, but we'll have some practice hitting live and then we just kind of goof around and play competitions and try to keep it loose so that we go into the tournament loose. It's the approach we took last year and it seemed to work, so we thought we'd go with that again this year."
