

Danielle Battles

Danielle is a former student of Clackamas Community College

Our beautiful daughter Danielle Battles was involved in a serious accident Sunday Nov. 24 at approximately 8:00 a.m. on Springwater road in Estacada Oregon.

Dani is a beautiful girl with a big heart and everyone that knows her truly loves her. She enjoys being outdoors, riding motorcycles, camping, hunting, and target practicing with friends. Some of you already know that Dani is at OHSU in the intensive care unit for traumatic brain injuries. Brain injuries can take weeks, even months to recover from, and the recovery time for each person is different. With the high cost of medical care and the associated peripheral costs for physical therapy or other incidentals that Dani may need to fully recover from the injury would add an additional burden to Dani or her family.

Because Dani is in the ICU and flowers and gifts are not allowed in the unit, we have established a donation fund through US Bank in the name of Danielle Battles to raise the funds that Dani will need to cover the costs to fully recover from her injury and for people to show their love and support.

Please join in and show your support for Dani and the Battles family during this most difficult time.

Thank you, The Battles Family

Please make donations at any US bank branch in the name of Danielle Battles
