November – a time of thanksgiving, family, football and good food, and of course awesome beards. No-Shave November, which was originally called 'Mo-ember,' started as a prostate awareness foundation and grew into a nation sweeping competition: who can grow a more epic beard? Whether it's styled, groomed, twisted, waxed or just down right dingy, send in your best No-Shave November pictures to our Twitter so we can appreciate your participation @thelackamasprint.
