

SUMMER
PLAYLIST

With summer just around the corner, Clackamas Community College students are catching rays and amping up for the next three or four months of sun, sand and fun. Shorts, tank tops and flip-flops are being unpacked and unearthed from the depths of closets to see their first use after seemingly endless months where Oregonians saw torrential rain, snow in February and unpredictable hail showers.

In preparation for the coming season, I have gathered not only the radio's top five songs right now, but some CCC students' favorite songs that get them in the mood to soak up the sun as well.

"I love She's Got The Honey by Mat Kearney. It's just a really happy song, and it reminds me of sunshine and long drives."
—Samantha Wright, CCC Dual-Enrollment student

"Whenever Blockbuster Nights by Run the Jewels comes on, I feel myself getting excited for what the day has to offer. It's the perfect song for summer because it amps me up, and summer is all about spontaneous adventures, and that song makes me feel invincible, and so ready to take absolutely anything on."
—Preston Drews, CCC Freshman

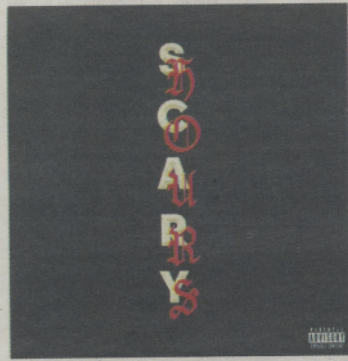

THE TOP 5 SONGS ON THE RADIO RIGHT NOW ARE:

1. Nice For What
by Drake

2. Psycho
by Post Malone
ft. Ty Dolla \$ign

3. God's Plan
by Drake

4. Meant to be
by Bebe Rexha
& Florida Georgia Line

5. The Middle
by Zedd, Maren Morris
and Grey

A month from summer and at the top of Billboard's Hot 100 Songs list, it's safe to say we'll all be enjoying these songs on our way to the beach, out to the gorge or laying in our yards. With reports of a mid-70's average for our weekly weather report, Oregon City will begin its quick descent into the golden months of summer.

Keep your eye out for the next two installments of the Summer Playlist on May 30 and June 6 to hear more about how CCC is getting ready for summer.
