

president Francica Lockerby

FL: "I have a feeling that it's gonna help me grow in other ways, in ways where I haven't really thought of growing before, because it involves being responsible for ASG. I'm the person that people will look to like the school will look to me to get answers so I'm gonna have to increase my ability to create relationships with everybody in the student government, build relationships with the school, build relationships with the community. It's really gonna help me get out of my comfort zone of where I wanted to stay by myself and not, you know, talk to a lot of other people. It's kinda gonna help me grow so I can learn to talk to and interact better with people. One reason why I took this position, like I said, was because I feel like it will also help me better able to let other people hear what they are talking about, so maybe listening to students and passing their concerns on."

TCP: *How do you want to impact CCC?*

FL: "One thing I want is to let more students be more aware of what a student government is. Most students will know about us, want to get involved, take advantage of all the resources that we offer and I also feel like I can be a good voice and a good representation to the community, the school and the students and that I can help them get their needs met."

TCP: *What do you have planned for the next school year with ASG?*

FL: "One of the things I really want to do is maybe do something where people with disabilities feel more comfortable about taking part of student government and come to us for help if they need it. I also want to make sure that the school is also ensuring that people with disabilities still have an equal chance of succeeding and that they continue to get the help they need."

TCP: *What is something that you want to say to the college now that you have this new position?*

FL: "I just look forward to serving the students and to just be a good representation for them and making sure that their concerns being heard by the appropriate personnel and I want to make a difference - a positive impact."

Francica Lockerby is the 2018-'19 ASG president.
