

TRIBAL PROGRAM NEWS

Teaching is Power

Teaching our children, taking time to drum,
bead and gather shells.
We thank you as parents!

The time we have spent in meetings,
one-on-ones, Indian taco feeds,
the auction, and cookie grams.
We thank you as parents!

These past two years, you have taught our
children to make good choices,
learn to be safe and to respect others.
We thank you as parents!

Our children have grown on to the
big school, they can never go back.
What you have taught them
will be with them forever.
We thank you as parents!

In 13 years, our children will graduate
from high school.

In 17 years, they will graduate from college,
and to think it all started with Head Start.
Again, we thank you as parents!

So never, never, never forget
grandma Madge, teacher Robin,
teacher Vella, teacher Lori, teacher Vicki,
teacher Sondra, teacher Jackie,
and teacher Shanda.

Teaching is Power!

We thank you as parents!

1999 Elder s Woodcut a Success

The 1999 Elder s Woodcut took place
Friday, July 9, under the warm summer sun at
the Long Tom Logging Unit. Twenty loads of
wood, approximately 10 cords, were delivered
to 16 tribal elders.

A big **thank you** to Natural Resource

Kids Participate in Lunch and Reading Programs

The Summer Lunch Program,
sponsored by the Siletz Indian Housing
Authority, drew an average of 20 children per
day during its five-week run. Luann Collier,
assistant cook at Siletz School, prepared the
lunches for the children.

The JOM program sponsored a
Summer Reading Program that involved
reading, field trips, and time to play outside.
Pam Rilatos and Lynette Hibdon supervised
the kids.
