Taking time and looking back on 1999, it was a good year. I am so thankful for the love of my family, friends, new ventures, good health, and still learning something new every day.

My thoughts and compassion go to all of you who lost someone dear to you in 1999, and to those of you with ill health. My hugs, and wishing you strength and wellness for the new year.

A little soul searching does our heart good. At one time or another, our lives take a "turn," or get a "kink," a "twist," or an "oopsie" thrown in. Do not dwell on the negatives; focus on the positives with a "can-do attitude." Smile and laugh a lot, even if it is at yourself.

No resolutions for me this year. The old saying "You're never too old to try something new" - go for it!

Thanks to all of you for a great 1999.
