- (2) Requests must benefit an organization or group (number of tribal members benefiting will be considered).
- (3) Tribal elders activities and tribal youth events will be considered a priority (Siletz- and Toledo-area schools).
- (4) Other charitable contributions may be made for the following purposes: education, health and social services, the arts, cultural activities, historical preservation, gambling addiction, prevention and/or treatment, and activities that promote economic self-sufficiency.

The requesting organization must agree to allow publicity after it receives a donation. The committee also will require an update explaining the results or benefits of the donation.
