

TRIBAL COUNCIL TIMESHEETS

Forest Management Ordinance Available for Review

The Tribal Council has completed the first reading of the draft Forest Management Ordinance. The draft ordinance provides a legal framework for managing and operating tribal forest lands in compliance with the Tribal Forest Management Plan and federal laws and regulations.

The draft ordinance requires the tribal forester to manage the tribal forest lands in an environmentally sound manner that will maintain and improve timber production and protect cultural and traditional values. Tribal member use of the forests continues to be governed primarily by the Hunting, Fishing and Gathering Ordinance, STC § 7.01, and Timber Use Permits Ordinance, STC § 7.300.

The draft ordinance also codifies the tribe's concurrent jurisdiction over forest trespass cases. Through the ordinance, the tribe and the federal government will be able to fully cooperate in prosecuting and obtaining damages against those who illegally damage or remove tribal forest products.

If you would like to review a copy of the ordinance, please contact Kelley Ellis or Marsha Manning at 541-444-2532 or 1-800-922-1399. All comments must be received by Nov. 17, 2000.
