 Thursday: Italian  
 Friday: Seafood  
 Saturday: Western Barbecue  
 Sunday/Monday: Chef's Choice

The parking lot expansion is under way.

## Parking Lot Expands with Recycling in Mind

The Confederated Tribes of Siletz Indians recently purchased property that borders tribally owned land to the east and the south of Chinook Winds Casino.

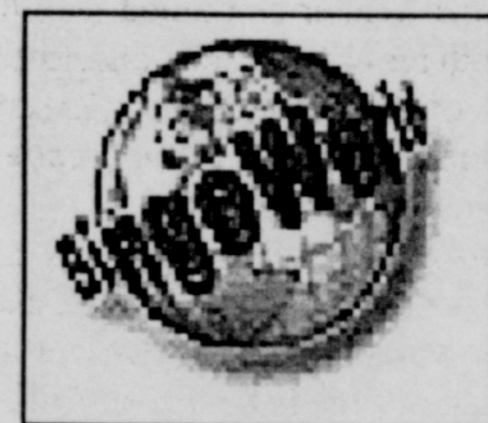

Nearly six acres of the 11 acres purchased are now under construction for much-needed additional casino parking.

Devil's Lake Rock Company received the contract for the expansion, which will add more than 800 spaces to the existing lot. Bus shelters will be strategically placed for the convenience of casino guests.

Exceeding Lincoln City requirements, 36 percent of the property will remain in its natural habitat. The Siletz Tribe and Devil's Lake Rock Company, however, have taken their environmental commitment one step further.

Provisions have been made for the wood products that are removed from the property to be 100 percent recycled. A forest products recovery system will be brought in to grind all of the otherwise unusable wood products. This will then be used for erosion control and garden mulch, or mixed with other components to become gardening soil.

The project should be completed by the end of August.
