Danise (Danise Barker, CHS Tech II), I want to let you know how much you are appreciated! Our tribal members are fortunate to have someone as caring as you working in Contract Health.

I know that your job has to be difficult at times, but you don't show it. You are so understanding and helpful. I felt so much better after talking with you the other day. Just knowing how much effort you have put into helping my sister through her illness and succession of medical appointments makes us (her family) more comfortable. Of course, Brenda's comfort is what we are all really concerned about, and you make life much easier for her. Thank you! Thank you! Thank you!

From the bottom of all our hearts, Becky Williams and the rest of the Roy Downey family

Wow, T. Your birthday is coming up in a few short days (Dec. 7) and you'll be 10. Happy Birthday, son. Being 10 is a special age; you now have two numbers.

I want you to know, T-man, that you are a very special boy. Every time you and I talk, I always learn something new from you. The way you walk, the way you talk, and the way you feel, and you truly are my best friend, Tristan. I love you unconditionally. I'm grateful to be part of your life.

Love, your mom
