I would like to send lots of **love** and many wishes for a **great** birthday to my brother, **Ken Staggs!** Although you have not been near to talk with or visit, we have managed to keep a good relationship. I do miss seeing you each day, watching the children grow, seeing the new grandchildren and getting to know them too! But, I know that you have happiness in your life and love from your family. Still, I do miss you. Happy Birthday!

Love, Sue and family

Happy Birthday to my mother! – Gladys Staggs on Feb. 24. Wow, I'm at a loss for words! You have been a great example for us. You have taught us to reach high, attain our goals, and love life and those lives we touch. You have given so much and asked for so little.

The memories I cherish are of fun times, lessons learned, laughter, family, and of God, whom you have taught us to lean on. Today, I know that all families are not like ours, all mothers do not give, love, or teach their children. They do not teach values or traditional ways like you did. I thank you for all you do, all you've done, and the memories! Notice that I did not mention that you are 80 years old!

Love, Sue and family
