

Sniegowski Becomes Games Manager

Lenny Sniegowski was recently hired as the games manager for Chinook Winds Casino. He is responsible for the day-to-day operations of table games and poker.

The games manager position requires an individual with a broad knowledge of gaming in several different jurisdictions, precisely what Lenny possesses. His vast resume includes experience in California, Nevada, Iowa, Mississippi, and New Jersey.

While Lenny was obtaining his chemistry degree (with double minors in math and physics) at the University of Iowa, Harrah's Casino came to

campus to recruit games dealers. He was hired to work the summer as a craps dealer in Lake Tahoe, Nev.

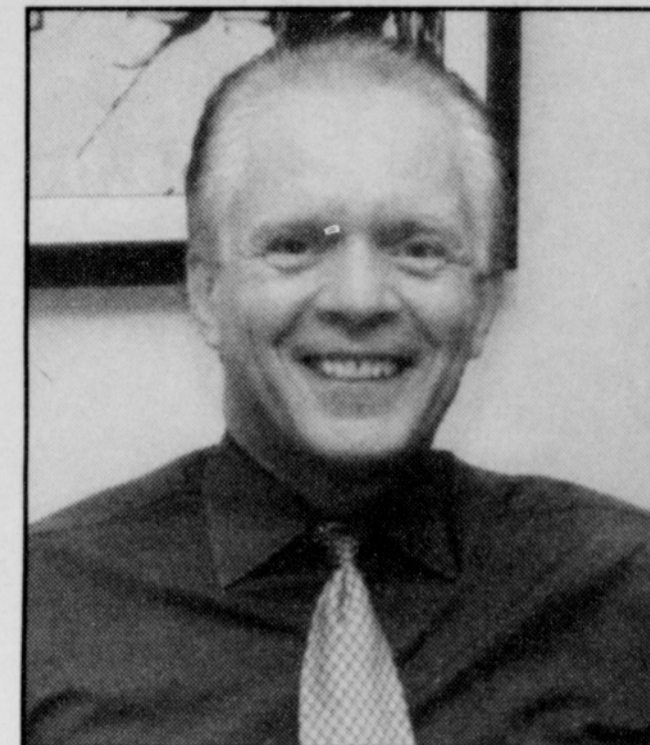

Lenny's extensive gaming experience and wisdom continued to accumulate through the years. Most recently, he spent 18 months as a shift manager at Fantasy Springs in Indio, Calif. Previously, he spent three and a half years as casino operations manager at the Horizon Casino Resort in Lake Tahoe. While with Horizon, he served as acting general manager for the Lighthouse Point Casino in Greenville, Miss.

Opening new casinos has been one of his specialties. Besides the Green-

ville property, Lenny also opened the Kanesville Queen in Council Bluffs, Iowa, while employed for its parent company, Harvey's Casino Hotel in Lake Tahoe.

"I opened Atlantic City as part of the opening staff for Resorts International, the first casino in the city," said Lenny. In his six years in New Jersey, he also served as director of Training at the Playboy Casino.

Along with really enjoying living in the area, Lenny is very impressed with Chinook Winds Casino and its employees. "I want to share my expertise with everyone in my department. There's a lot I'd like to impart on customer service and professionalism," he said. "I'm lucky

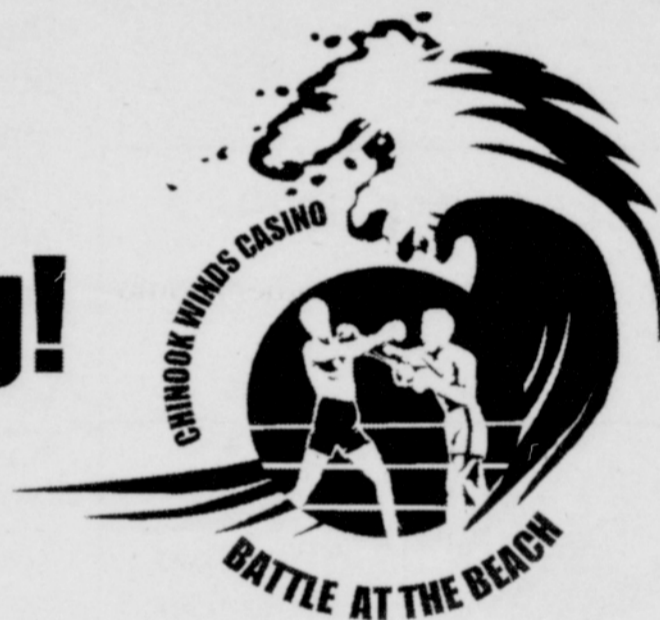

Lenny Sniegowski

enough to have some very eager team members in my area."
