### Input Sought on EPR Revenue

The Siletz Tribal Council invites you to community meetings to discuss how the tribe should spend EPR revenue. Please plan to attend the meeting in your area.

This is your opportunity to tell the council what is important to you and what should be a priority for the tribe. The council looks forward to seeing you at one of the meetings listed below.

If you can't attend a meeting, please e-mail or fax your comments to Tina Retasket at [tinar@ctsi.nsn.us](mailto:tinar@ctsi.nsn.us) or 541-444-2307.

In the past, money from EPR revenue has funded the distribution of 1,992 computers to tribal members, some health benefits for tribal members who live out of the service area, and

youth activity fees to help young people with various projects.

**Portland**
