Directory Listings Available for Indian Businesses

WASHINGTON – The Indian Arts and Crafts Board (IACB), an agency of the U.S. Department of the Interior, recently announced the opportunity to be listed in the updated version of its *Source Directory of American Indian and Alaska Native Owned and Operated Arts and Crafts Businesses*.

Organized by state, the directory includes federally recognized American Indian and Alaska Native artists and craftspeople; cooperatives; tribal arts and crafts enterprises; businesses privately owned and operated by federally recognized American Indian and Alaska Native artists, designers, and craftspeople; and businesses privately owned and operated by American Indian and Alaska Native merchants who retail and/or wholesale authentic Indian and Alaska Native arts and crafts.

Upon compilation, the directory will be inserted into a 13-page publication that shows the variation and complexity of both contemporary and traditional American Indian and Alaska Native art. The publication will be available for sale to the public and serve as a direct link between the arts and crafts businesses and prospective customers.

Although applicants are not required to have a shop location readily available to the public, the business must be prepared to complete sales through mail order or a comparable method.

The service is available only to individuals who are enrolled members of federally recognized Indian Tribes or Alaska Native groups. Applicants must provide a copy of tribal enrollment documentation from his or her respective tribe or group. **The listing is free.**

To receive an application to be listed in the directory, contact the IACB at (toll-free) 1-888-278-3253 or write to Indian Arts and Crafts Board, U.S. Dept. of the Interior, 1849 C St. NW, MS 2058-MIB, Washington, DC 20240. Please specify if the application is for an individual or a group, such as a cooperative or tribal enterprise.

The deadline for the IACB office to receive applications is Aug. 15, 2004.
