

TRIBAL PROGRAM NEWS

Look Here First for Tribal Band Information About Ancestors

The following list has been compiled to assist tribal members in looking up tribal band information about ancestors. There are occasional errors or incomplete information. Hopefully, the family has much more detailed information about specific bands from which they are descended. Please make note of errors or additional information and send to Enrollment with your form.

The general terms here of Umpqua and Coquella do not give full information on how to fill out the form for that ancestor. Upper Umpqua and Upper Coquella are Athabaskan bands, Lower Umpqua is on the form, and Lower Coquella is Miluk band of Coos on the form.

The list is only roughly alphabetical. Search the entire letter category before checking another married name.
