Tribal Council Referendum

This referendum was approved by Tribal Council by a vote of 8, For 0, Against and 0, Abstained on Sept. 22, 2007. It was referred to the Election Board on Oct. 16, 2007. It was approved by resolution 2007-358. A summary of the proposed referendum follows below.

Explanation

The Tribal Council proposes to modify Tribal Council Compensation, which must be approved under the Siletz Constitution, Article II, Section 2(A), by the General Council, as follows:

1. Tribal Council, which currently is paid for duties performed at the rate of \$10.86 per hour, with annual cost of living increases Jan. 1 of each year, shall be paid in the future on an hourly rate at the same pay scale as a T.L. 17.1 tribal employee, subject to changes in that pay scale in the future. The current hourly rate for T.L. 17.1 is \$16.43 per hour.

Note: Initially Tribal Council served on a volunteer basis with no pay. General Council authorized \$5/hr., effective 1981. In 1991, the pay was increased to \$7.88/hr. with annual cost of living adjustments. With cost of living adjustments, Tribal Council currently receives \$10.86/hr. Except for cost of living adjustments, the Tribal Council has not received a pay increase since 1991.

2. Tribal Council members shall be eligible for the following additional employee benefits on the same basis and under the same eligibility conditions as other tribal employees: Health insurance, participation in the tribe's 401(k) retirement plan, unemployment program and worker's compensation insurance.

Note: Approval allows the Tribal Council to participate in the health insurance plan. In order to be eligible, Tribal Council members must regularly work a minimum of 30 hours/week. Tribal Council members are elected

officials and, therefore, ineligible to contribute to the Social Security Program. Allowing their participation in the 401(K) program would be a way for them to contribute to their retirement. In order to be eligible, the council member must work 1,000 hours in a year and be employed a full year to participate. If approved, the tribe would contribute up to 6% of income toward their retirement and they could elect to contribute an additional amount. Approving the unemployment program would allow Tribal Council members who do not get re-elected to file for unemployment compensation, the same as other employees. Approving participation in the worker's compensation program provides for medical and financial programs if they are injured while performing Tribal Council duties.

3. If approved by the General Council in this referendum election, these changes to Tribal Council compensation shall take place in the month following General Council approval.

4. If approved by the General Council in this referendum election, Section 2.117 of the Tribal Council Rules of Procedure, which addresses Tribal Council compensation, shall be amended to incorporate the provisions approved by the General Council.

The voting on this referendum will be a Yes or No vote. The voting will be conducted by both mail-in and walk-in voting. The walk-in voting will be conducted on Dec. 8, 2007, from 10 a.m. till 4 p.m. at the Tribal Community Center. The votes will be counted, certified and posted after the polls close on Dec. 8, 2007.
