Happy 50th - I mean 40th - Birthday to my **much** older sibling, Selina.

Here is a birthday wish for you:

May your hair never turn gray, wrinkles never appear. May your vision improve and your hearing become selective.

May you always wear the fashions of the day, always appreciate a tasteless joke and never be too old to act like an idiot in public. May you never realize you are embarrassing your children and always believe you will forever remain cool.

May you always remember your first record, the lyrics to *Grease*, Van Halen with David Lee Roth, dancing in your sunglasses and underwear, and the "awesomeness" of the '80s as if it were yesterday.

May you find true love, always have true friends and always know your family loves you.

Happy Birthday, Brat!

Love, Shannon
