## New Laws Coming for Oregon Driver Licenses, Driver Permits and ID Cards

Effective July 1, 2008, Oregon law will require all applicants for an original (new), renewal or replacement Oregon driver license, driver permit or identification (ID) card to provide proof of U.S. citizenship or proof of legal presence in the United States.

In addition, applicants must provide a Social Security Number document or a document showing they are not eligible for a Social Security Number, in addition to meeting existing Oregon residency requirements.

All citizens and permanent legal residents, as well as many persons legally present on a temporary basis, are eligible for a Social Security Number and therefore will be required to have one. Documents required include:

- Proof of legal presence, full legal name, identity and date of birth
- Proof of legal name change if the name on the proof of legal presence is different than current full legal name
- Proof of residence address
- Proof of a Social Security Number, if the applicant is eligible for one, or
- Proof of ineligibility, if the applicant isn't eligible for a Social Security Number

The new requirements affect **all** U.S. citizens and foreign-born individuals – regardless of age. Applicants who do not present the required documents will not receive a driver license, driver permit or ID card. These requirements are a result of laws enacted during the 2008 Special Session of the Oregon Legislative Assembly (Senate Bill 1080).

A list of documents accepted for proof of legal presence in the U.S., legal name change and Social Security Number is below. This list also is available at DMV field offices or online at [www.OregonDMV.com](http://www.OregonDMV.com). Customers should check DMV's website for updates before they visit a DMV office.
