Internship Opportunity with the Indian Land Tenure Foundation

Summer 2011

Indian lands in Indian hands

INTERNSHIP DESCRIPTION

The Indian Land Tenure Foundation (ILTF) is looking to hire current undergraduate or graduate students as interns for the summer of 2011. The internships are full-time positions over the course of 10 - 12 weeks (400 hours). Beginning and ending dates are negotiable. Salary will be \$15.00 per hour with potential additional funds for living and relocation expenses. As temporary employees of ILTF, interns are not eligible for employee benefits.

ORGANIZATION DESCRIPTION

ILTF's mission is to ensure that land within the original boundaries of every reservation and other areas of high significance where tribes retain aboriginal interest are in Indian ownership and management. We support this mission through long-term capital investments, focused grantmaking, and collaborations with those holding similar interest in Indian land tenure issues.

INTERNSHIP RESPONSIBILITIES

- Conduct research on land ownership patterns and economic activity both regionally as well as on a national scale. Compile the research data into a searchable database to assist in future ILTF initiatives.
- Conduct research and document raw data identifying various land ownership patterns of tribal lands by reservation. The research will entail the review of historic documents, maps and current records.

DEADLINE FOR APPLICATION: February 28, 2011

We will inform applicants of selection no later than April 1, 2011.

INTERN QUALIFICATIONS

Applicant must demonstrate professional communication and writing skills appropriate for a business environment. Background knowledge on Indian land history is not required, but a desire to understand the historic relations between tribes and governments is critical. Research, analysis and data collection experience is preferred, along with a basic understanding of Microsoft Office products. Must be willing to travel and interact in new or different environments socially and culturally.
