

# Johnson is new golf pro at Chinook Winds Golf Resort

Aaron Johnson is the new golf professional at Chinook Winds Golf Resort. Hired in December 2011, Johnson brings with him more years of experience in the golf industry than his age would indicate.

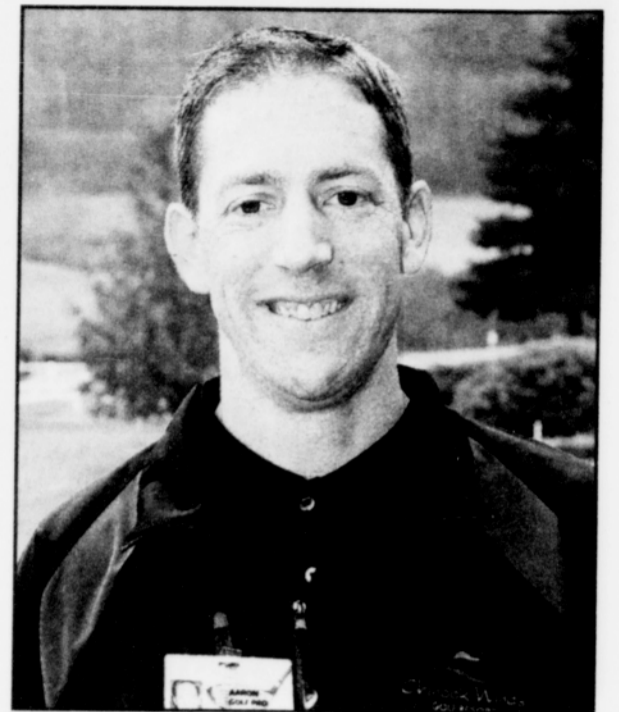

He began playing golf at age 9 and his love of the game helped determine the course of his life. A native Oregonian originally from Klamath Falls, Johnson has spent most of his career in Oregon, leaving only for a two-year stint at Legends Resort & The Tournament Players Club of Myrtle Beach, S.C.

Johnson has been employed as an assistant golf pro and a teaching pro-

fessional for more than 16 years, most recently at Langdon Farms Golf Course in Aurora, Ore. Other Oregon courses where he has been employed include the Trail's End Golf Center in Oregon City and Forest Hills Golf Course in Cornelius.

Johnson says he is enjoying his first position as a head golf professional rather than an assistant and is eager to take on the challenge of building the golf programs at Chinook Winds Golf Resort. He loves being at the beach and is looking forward to working with golf course superintendent Jeff Komer and the rest of the staff.

Having honed his technique with instruction from national teachers, including Jim Mclean, Hank Haney, Todd Andrews, Stan Utley, Jerry Moulds and Randy Smith, Johnson is looking forward to passing on what he has learned. His teaching philosophy can be summed up in two phrases: "Keep it simple" and "One thing at a time."

To the editor:

From the Native American Circle at Two Rivers Correctional Institution, my name is Gene Gagnon, SID 7806840. I am Lakota American Horse Clan. Among their peoples I am known as Mishka the Raven.

I am writing this letter in humble thanks to all of the people who have shown support for those who called their council members and have called the members of the Legislative Commission on Indian Services (503-986-1067) and my humble thanks to all of those who may not have called but spoke among the people agreeing that religious discrimination against Native Americans cannot be allowed.

I firmly believe that together the Natives of North America can make a difference. Here at Two Rivers Correctional Institution, the Native Circle now has a donation account #2547.

The Drum Circle has also been reinstated to the first Sunday of every month. If you are singing to the heartbeat of the people, we will be singing with you. It is a good beginning.

The Native Circle at TRCI is still being denied Talking Circle. Once a month we need to be able to work on our gifting items all year around as it is our intent to make drums, rattles, pouches and regalia to gift the Native American community.

We are also being denied a pow-wow. These three things are ceremonies that are allowed at all other prison facilities in Oregon and Washington. Two Rivers is the last prison where Native Americans are being religiously discriminated against in Oregon.

Chaplain Hodney and Chaplain Cordona need to know this is unacceptable. The Oregon Department of Corrections needs to know how you feel.

To all Tribal grandparents:

Are you an honest person? Do you expect and respect honesty in your day-to-day dealings with people? Do you want your grandchildren to grow up to be and expect others to be honest? If so, it is time to take action in your Tribal affairs.

Many of us grew up under termination and remember when we had nothing as a Tribe. We have come a long way and I appreciate everything we have, but if we are to leave any legacy to our grandchildren let it be an open, accountable, honest government.

Are you aware that our Tribal Council passed unconstitutional laws that curb free speech and allow them to sue you for speaking out against them?

Are you aware that our Tribal Chairman Dee Pigsley was given \$25,000 by Eco-trust? The Ethics Ordinance does not allow any gift over \$300 to council members. Tribal Council got around this by declaring this gift an "award," getting around the spirit of the law by a simple switch of words.

So where has this money gone to continue her work for the Tribe? Has it gone to the Elders program? Maybe it has gone to help single working parents with day care expenses. Maybe it has gone to help people on food stamps.

You don't know? Why not? Do you know how much of our money your Tribal Council spends every month on business deals, travel for "conferences or training?" Why not?

Do you care? If someone stole money from your grandchild's piggybank, would you try to get it back? If so, why do you allow your Tribal Council to spend thousands or even millions on attorney fees, political contributions, bad business deals and other "confidential" deals with no accountability?

For years many people have fought for more accountability, openness, fairness and an end to secrecy in our government. There have been a few victories but mostly we have been ignored, censored, hijacked in Tribal Court or otherwise met with apathy and inaction.

Why can't we see where every dollar of our and our grandchildren's money is going every month? Why is this council so secretive in so many dealings?

There are a lot of people who have a vested interest in keeping the same people on council year after year. There are also a lot of people who do not vote each year. So ultimately, it is up to grandparents and parents who want better lives for the future of our children to make the changes we need. I hope to live to see these changes.

Respectfully,

Ken Blacketer
