

13 slots available in Tribe's College Student Summer Internship Program

Students attending college can apply for the Tribe's 2013 College Student Summer Internship Program.

Applications will be mailed to known students. If you do not receive one, please contact Assistant General Manager Bonnie Petersen or the education specialists at any Tribal area office to request an application.

This program assists tribal students with locating internship placements to gain work experience in their field of study. Thirteen slots are available this year.

Students can work up to 360 hours at \$10.90 per hour and can be placed within or outside of the Tribe.

Our hope is that students will come to work with the Tribe following graduation and when jobs in their degree area come open.

Students must send a completed application and an unofficial copy of their transcripts to:
