Tribe makes donation to Siletz Valley Fire District

On behalf of the Siletz Valley Fire District, I must say thank you for your contribution and continued support of our mission and the community as a whole. The Confederated Tribes of Siletz Indians has proven to be an important part of the Siletz community and Lincoln County. I can honestly say that this is a better place to live because of the Tribe. This donation will be added to our general fund, which most importantly helps maintain our equipment and provide needed benefits to our volunteers. Without this donation, business as we know it would be most difficult.

RC Mock – Staff Captain
 Siletz Valley Fire District

Chemawa Indian School
