Public invited to propose new Siuslaw forest projects

CORVALLIS, Ore. – The Siuslaw National Forest is soliciting project proposals to be funded under Title II of the Secure Rural Schools and Community Self-Determination Act.

Individuals, nonprofit organizations, local governments and others are encouraged to propose projects that restore watersheds, decommission or maintain roads, control noxious weeds or otherwise improve the condition of the forest. Proposed projects need not be implemented on Forest Service lands, but must show a benefit to national forest resources.

Project proposals are due electronically by 5 p.m. on March 31. Projects will be

reviewed and funding recommendations made by the forest's Resource Advisory Committee in June, with funds most likely becoming available to groups by the fall.

Application forms, instructions and submission guidelines can be found at <http://1.usa.gov/1QFsk4y>.

The Siuslaw RAC is a diverse group of stakeholders representing local communities, industry, recreational interests, environmental groups, elected officials and more. The Siuslaw National Forest is accepting applications for future RAC members.

More information about the Secure Rural Schools Act can be found at fs.usda.gov/main/pts/home.
