

SUBOXONE THERAPY

Now available at the Siletz Community Health Clinic

Our providers Lisa Taylor, FNP, and Jalien Dorris, DO, are now licensed to prescribe suboxone for Siletz Tribal members and/or community members who are struggling with heroin, prescription drugs or substance abuse. We are contracting with Eric Davis, MAC, CADCIH, with his expertise in medi-

cation assisted therapy (MAT), he will assist with the implementation of our new suboxone program.

Wondering what suboxone is? Suboxone is a medication that helps your family members who are struggling with heroin and opioid addiction by taking away the symptoms of opiate withdrawal and drug

cravings that are normally associated with quitting heroin and opioids.

We encourage you to contact the clinic and ask questions about our program. We want to assure you that we will provide compassionate and non-judgmental care from staff members who understand the challenges associated with addiction. We

would love to help you with taking the first step toward recovery.

If you have questions regarding the suboxone program or would like to make an appointment, please call the numbers listed below.

Team Taylor – 541-444-9665

Team Dorris – 541-444-9634

After-hours crisis line now available at 541-444-8286 or 800-600-5599

Because mental health and relapse crises do not always happen during business hours, Siletz Behavioral Health has arranged a collaboration with an after-hours crisis line called Lines for Life.

On weekends and during the weekday hours of 5 p.m. to 8 a.m., the number to the Behavioral Health front desk is forwarded to Lines for Life, where you will be connected with a live mental health counselor.

The counselor will do everything he/she can to help de-escalate, advise and support.

Afterwards, this information can be shared with our mental health counselor so follow-up care can be provided.

Of course, if there is an emergency and you fear that you or someone else is in imminent danger, please call 911. That's always the fastest way to get help.
