Tribe seeks to update its record of Tribal veterans

It is important for the Tribe to
keep a current updated record of our
Siletz Tribal veterans. So often we are
totally unaware of Siletz veterans who
have served our nation, especially our
younger veterans.

We are also trying to track how
many Vietnam-era veterans have served
and also how many were "boots on the
ground." I would appreciate it if you
could help supply us with this much-
needed information. Thank you!

Information for Veterans

- A veteran or a family member whose
veteran is enrolled in the VA only has
72 hours to report a non-emergency
room hospital visit so as not to get
billed.
- There is a new program for veterans
called Veterans Appeal Improvement
Modernization Act – for those veterans
who have been waiting too long for
their appeal to be addressed. Again,
this is a new program.
- For veterans who are enrolled into the
VA system – you can also apply to join
My Healthy Vet to have access to your
local VA doctor, prescriptions, etc. This
is a very useful tool.
- Also, some veterans have joined the
EBenefits logon application to try and
do their VA needs online, but first you
must be eligible to apply for VA ben-

efits. I'm here to help you in that VA
enrollment process. It's your choice
to try EBenefits or let me assist you.

- The VA can be a very complex
program and very trying to one's
patience – and I have experienced
certain road blocks. So please give
me a call and I will do everything
within my means to make sure you
can enroll in the VA system.
- Our VA presumes that spinal bifida
in biological children of certain
Vietnam-era veterans who were
exposed to Agent Orange was
caused by the veteran's military ser-
vice. Eligible children may receive
VA benefits.

Contact Molina if you have ques-
tions on any of these items.

SUBOXONE THERAPY

Available at the Siletz Community Health Clinic

Our providers Lisa Taylor, FNP, and
Jalien Dorris, DO, are now licensed to
prescribe suboxone for Siletz Tribal
members and/or community members
who are struggling with heroin, pre-
scription drugs or substance abuse.

We are contracting with Eric Davis,
MAC, CADCIII, with his expertise in
medication assisted therapy (MAT), he
will assist with the implementation of
our new suboxone program.

Wondering what suboxone is?
Suboxone is a medication that helps
your family members who are strug-
gling with heroin and opioid addiction
by taking away the symptoms of opi-
ate withdrawal and drug cravings that
are normally associated with quitting
heroin and opioids.

We encourage you to contact the
clinic and ask questions about our
program. We want to assure you that

we will provide compassionate and non-
judgmental care from staff members who
understand the challenges associated
with addiction. We would love to help you
with taking the first step toward recovery.

If you have questions regarding the
suboxone program or would like to make
an appointment, please call the numbers
listed below.
