Brittany Mooney and Presley

Mooney graduates from Tribal Home Visiting Program

Congratulation to Brittany Mooney for graduating from the Home Visiting Program! Brittany started the program when Presley was a little over a week old and participated until January of this year. Presley turned 3 in December.

While in the program, Brittany successfully completed her outpatient A&D, her case with DHS closed and she moved into their own place.

When asked what she valued most about the program, she said the education that she was taught during the visits, the community events and craft nights, and of course Presley loved getting her books.

SUBOXONE THERAPY

Available at the Siletz Community Health Clinic

Our providers Lisa Taylor, FNP, and Jalien Dorris, DO, are now licensed to prescribe suboxone for Siletz Tribal members and/or community members who are struggling with heroin, prescription drugs or substance abuse.

We are contracting with Eric Davis, MAC, CADCIII, with his expertise in medication assisted therapy (MAT), he will assist with the implementation of our new suboxone program.

Wondering what suboxone is? Suboxone is a medication that helps your family members who are struggling with heroin and opioid addiction by taking away the symptoms of opiate withdrawal and drug cravings that are normally associated with quitting heroin and opioids.

We encourage you to contact the clinic and ask questions about our program. We want to assure you that

we will provide compassionate and non-judgmental care from staff members who understand the challenges associated with addiction. We would love to help you with taking the first step toward recovery.

If you have questions regarding the suboxone program or would like to make an appointment, please call the numbers listed below.

Team Taylor – 541-444-9665

Team Dorris – 541-444-9634

CTSI Jobs

Tribal employment information is available at ctsi.nsn.us.

Note: "Open Until Filled" vacancies may close at any time. The Tribe's Indian Preference policy will apply. Tribal government will not discriminate in selection because of race, creed, age, sex, color, national origin, physical handicap, marital status, politics, membership or non-membership in an employee organization.

CTSI constantly is looking for temporary employees to cover vacancy, vacations, maternity leave and extended sick leave. If you are looking for temporary work that can last from 2-12 weeks, please submit an application for the temp pool.

Tribe seeks to update its record of Tribal veterans

It is important for the Tribe to keep a current updated record of our Siletz Tribal veterans. So often we are totally unaware of Siletz veterans who have served our nation, especially our younger veterans.

We are also trying to track how many Vietnam-era veterans have served and also how many were "boots on the ground." I would appreciate it if you could help supply us with this much-needed information. Thank you!

Information for Veterans

- A veteran or a family member whose veteran is enrolled in the VA only has 72 hours to report a non-emergency room hospital visit so as not to get billed.
- There is a new program for veterans called Veterans Appeal Improvement Modernization Act – for those veterans who have been waiting too long for their appeal to be addressed. Again, this is a new program.
- For veterans who are enrolled into the VA system – you can also apply to join My Healthy Vet to have access to your local VA doctor, prescriptions, etc. This is a very useful tool.
- Also, some veterans have joined the EBenefits logon application to try and do their VA needs online, but first you must be eligible to apply for VA ben-

- efits. I'm here to help you in that VA enrollment process. It's your choice to try EBenefits or let me assist you.
- The VA can be a very complex program and very trying to one's patience – and I have experienced certain road blocks. So please give me a call and I will do everything within my means to make sure you can enroll in the VA system.
- Our VA presumes that spinal bifida in biological children of certain Vietnam-era veterans who were exposed to Agent Orange was caused by the veteran's military service. Eligible children may receive VA benefits.

Contact Molina if you have questions on any of these items.
