The Tribe is in need of certified homes to care for Tribal children in need of emergency, short term And long term placements.

To see how you can help please call today.  
Siletz Tribal Indian Child Welfare Department  
541-444-8272

## Make a Resolution!

- Make an emergency plan: Choose a safe place to meet, learn evacuation routes and establish an out-of-town contact.
- Take a current photo of you and your pet together in case you get separated during a disaster.
- Get to know your neighbor and invite them to be a part of your emergency plan.
- Snap photos of important documents and save them in a secure place or online.
- Set up group text lists so you can communicate with friends and family during emergencies.
- Take a class in CPR and first aid.
- Keep and update emergency supplies; remember to include cash.
- Have backup power sources available to charge devices in case of a power outage.
- Snap pictures of your property for insurance purposes.
- Check your insurance for coverage on disasters like floods, hurricanes and earthquakes.
- Sign up for alerts and warnings. Download the FEMA app to get real-time alerts, safety tips and locate open shelters.
- Save for a rainy day! Start and grow your emergency fund.
- Financially prepare for 2022 with the Emergency Financial First Aid Kit available at <https://tinyurl.com/EFFAK>.
- Spend within your means. Use a personal budgeting worksheet to help plan for holiday expenses and beyond.
- Build up your savings. Put a small amount in your account the first of every month beginning Jan. 1.

## Dark Horse Comics releases comic book that explores how to prevent and prepare for Northwest wildfires

SALEM, Ore. – The Oregon Office of Emergency Management and Dark Horse Comics have released a new comic book titled, *Without Warning! Wildfire*. Addressing what to do before and during a Northwest wildfire, the comic is third in a series of educational and entertaining comic books promoting emergency preparedness.

“The *Without Warning!* comic book series began because we found that many public education publications struggled to resonate with younger audiences,” said Althea Rizzo, OEM Geologic Hazards Program coordinator. “The series has been a huge hit, helping us engage with youth while introducing and reinforcing the concept of readiness.”

Emergencies and disasters can happen at any time, often without warning. Empowering every Oregonian – including youth – to reduce their risk, be ready and know what to do when disaster strikes

is critical to staying safe. Kids and teens who are prepared often experience less anxiety and feel more confident during actual emergencies and disasters.

“Smokey Bear offers a variety of educational options for young children, but it’s been challenging to find engaging and creative resources to talk with teens and young adults about wildfire prevention,” said Kristin Babbs, president and CEO of the Keep Oregon Green Association. “This comic book fills that important gap.”

*Without Warning! Wildfire* features characters hiking and camping in a Northwest wilderness area who are forced to flee for their lives to escape a quickly moving wildfire. The comic helps teach readers how to protect themselves, their loved ones and wildlands when wildfires occur.

*Without Warning! Wildfire* is available to read for free at Dark Horse Digital, OEM’s website, and on iOS and Android apps. It is also available on Kindle, Comixology, Google Play and Apple Books.

Printed copies are available in English and Spanish through county emergency management offices, Clackamas Community College and Keep Oregon Green.

The first two comics in the series, *Without Warning! Earthquake* (published in 2014) and *Without Warning! Tsunami* (published in 2016), have been distributed throughout the Northwest and adapted for other regions, helping support readiness in communities across the U.S.

The comic book series originated with OEM’s Geologic Hazards program, which works with partners to create tools and programs to make Oregon more resilient to earthquakes, tsunamis and volcanoes. This latest issue was produced in collaboration with OEM, Dark Horse Comics, Clackamas Community College, Oregon Department of Forestry and Keep Oregon Green.
