## Page 17

**SEPTEMBER 16, 2002** 

## From the e-mail bag

Perhaps we are asking the wrong questions during election years.

Our senators and congressmen do not pay into Social Security, and of course, they do not collect from it. Social Security benefits were not suitable for persons of their rare elevation in society.

They felt that they should have a special plan for themselves. Many years ago they voted in their own special benefit plan. In more recent years, no congressman has felt the need to change it. After all, it is a great plan.

For all practical purposes their plan works like this: When they retire, they continue to draw the same pay until they die, except it may increase from time to time for cost of living adjustments. For example, former Sen. Byrd and Congressman White and their wives may expect to draw \$7,800,000 (that's seven million, eight hundred thousand), with their wives drawing \$275,000 during the last years of their lives.

This is calculated on an average life span for each. Their cost for this excellent plan is \$00.00. Nada. Zilch. This little perk they voted for themselves is free to them. You and I pick up the tab for this plan.

The funds for this fine retirement plan come directly from the General Fund -- our tax dollars at work. From our own Social Security Plan, which you and I pay ( or have paid) into -- every payday until we retire (which amount is matched by our employer) -- we can expect to get an average \$1,000 per month after retirement.

Or, in other words, we would have to collect our average of \$1,000 monthly benefits for 68 years and one month to equal Sen. Bill Bradley's benefits.

MONDAY EVENING/LATE NIGHT

Social Security could be very good if only one small change were made. And that change would be to jerk the Golden Fleece Retirement Plan from under the senators and congressmen. Put them into the Social Security plan with the rest of us and then watch how fast they would fix it.

If enough people read this, maybe a seed of awareness will be planted.

## **BLM** appoints

Elaine Marquis Brong has been sworn in as the new Bureau of Land Management (BLM) state director for Oregon and Washington by Kathleen Clarke, BLM director.

The ceremony took place at the Medford District Office.

Brong has been with BLM for 23 years. Prior to her appointment as the state director for Oregon and Washington, she served as director for BLM's National Landscape Conservation System Office in Washington, D.C.

She held several positions in California, including acting associate state director, deputy state director for support services, and branch chief for biological resources.

Brong also has worked in Kingman, Ariz. as the area manager; and in the bureau's Eastern States Office in Springfield, Va. as a program analyst and as an organizational and employee development specialist.

Before joining BLM, Brong worked in the private sector; was a seasonal employee for the National Park Service; and spent two years in El Salvador as a Peace Corps volunteer. She holds a degree in biology from the University of Maine.
