LEGAL NOTICE
Notice to Public of No Significant Impact on the Environment and Notice to Public of Intent to Request Release of Funds

September 18, 2002
City of Cave Junction P.O. Box 1396 Cave Junction, OR 97523 (541) 592-2156

To All Interested Agencies, Groups and Persons:

On or about October 10, 2002 the above-named City will request the State of Oregon Economic and Community Development Department (OECD), to release federal funds under Title 1 of the Housing and Community Development Act of 1974, as amended (PL 93-383) for the following project:

Cave Junction Downtown Revitalization Sidewalk and Street Improvements
 Cave Junction, Josephine County, Oregon

It has been determined that such request for release of funds will not constitute an action significantly affecting the quality of the human environment and accordingly the above-named City has decided not to prepare an Environmental Impact State-

ment under the National Environmental Policy Act of 1969 (PL91-190).

The reason for such decision not to prepare such Statement is as follows:

There will be no significant impact as the work is within the public right-of-way and consists of replacing existing or extending public infrastructure.

An Environmental Review Record for the within project has been made by the above-named City which documents the environmental review of the project and more fully sets forth the reasons why such statement is not required.

The Environmental Review Record is on file at the above address and is available for public examination and copying, upon request, between the hours of 8:00 a.m. and 12:00 (noon) and 1:00 p.m. and 5:00 p.m.

No further environmental review of such project is proposed to be conducted prior to the request for release of federal funds.
 All interested agencies, groups and persons disagreeing with this decision are invited to submit written comments for consideration by the City to the Recorder. Such written comments should be received at City Hall on or before October 10, 2002. All such comments so received will be considered and the City will not request the release of federal funds or take any administrative action on the within project prior to the date specified in the preceding sentence.

The City of Cave Junction will undertake the project described above with Community Development Block Grant funds from the state of Oregon Economic and Community Development Department under Title 1 of the Housing and Community Development Act of 1974, as amended.

The City of Cave Junction is certifying to the Oregon Economic and Community Development Department that the City of Cave Junction and Ed Faircloth, in his official capacity as Mayor consent to accept the jurisdiction of the federal courts if an action is brought to enforce responsibilities in relation to environmental reviews, decision making and action; and that these responsibilities have been satisfied. The legal effect of the certification is that, upon its approval, the City of Cave Junction may use the Community Development Block Grant funds and the Oregon Economic and Community Development Department will have satisfied its responsibilities under the National Environmental Policy Act of 1969.

The Oregon Economic and Community Development Department will accept an objection to its approval only if it is on one of the following basis: (a) that the certification was not in fact executed by the certifying officer or other officer of applicant approved by the state; or (b) that the City's environmental review record for the project indicates omission of a required decision finding or step applicable to the project in the environmental review process.

Objections must be prepared and submitted in accordance with the required procedure (24 CFR Part 58) and may be addressed to the Oregon Economic and Community Development Department, 775

Summer St. N.E., Suite 200, Salem, OR 97301-1280.

Objections to the release of funds on basis other than those stated above will not be considered by the Oregon Economic and Community Development Department. No objection received after October 10, 2002 will be considered by the Oregon Economic and Community Development Department.

This combined notice is intended to meet the procedural requirements for publication of the Finding of No Significant Impact and the Request for Release of Funds. People who comment should specify in their comments which "notice" they are addressing.
