House Bill will bring new jobs

House Bill 2671, which modifies the requirements for eligibility for long-term, nonurban enterprise zone incentives passed the House unanimously 58-0.

The bill, sponsored by Rep. Bill Garrard (R-Klamath Falls) now heads to the Senate.

The purpose of HB 2671 is to allow for the development of a generation facility by the Peoples Energy Resource Corporation in Klamath County. The capital investment in this project is estimated at \$676 million. The project will create 400 new construction jobs for the 23month construction project and will result in a minimum of 10 permanent employee positions that are 150 percent of the county annual average.

A key factor for the Peoples Energy Resource Corp. in determining whether it will place the facility in Klamath County is the availability of property tax abatement. This legislation is intended to provide the necessary tax incentive for the company to choose Oregon.
