Oakview arson suspect under arrest after tip

A tip from a Grants Pass High School security officer led detectives to arrest a high school student believed involved with the \$6 million March 6 fire at 410 N.E. Anderson St. in Grants Pass, which destroyed Oakview Retirement Facility and the Jasmine Park building.

The fire totally consumed the Jasmine Park building which was under construction. Due to intense heat and proximity to the fire, the Oakview Retirement Facility also caught fire.

More than 60 residents were evacuated with no serious injury or death. Several residents, firefighters and police officers suffered smoke inhalation. Due to fire, smoke, and water damage, Oakview Retirement Facility was declared a total loss.

Damage to Jasmine Park and Oakview Gardens Retirement Facilities was estimated at more than \$6 million.

Since the fire, detectives from the Grants Pass Dept. of Public Safety (GPDPS) have been following up on numerous tips and leads concerning th Anderson fire, which had been classified as arson. More than 60 interviews were completed by detectives, which eventually led to the suspect.

The suspect, whose name was not made public, made a statement to the Grants Pass High School security officer concerning his whereabouts during the fire, which the security officer believed to be suspicious, said GPDPS.

Detectives interviewed the student, and subsequently concentrated their investigation on the suspect's statements. Following a second interview with the suspect, he was arrested, and lodged at the Josephine County Juvenile Justice Center.
