

NEW MIDDLE SCHOOL RISING - Construction of a new and improved Lorna Byrne Middle School is ahead of schedule and under-budget, according to a recent report to the Three Rivers School District Board of Directors. This view, from the

track above the school, shows the new rear with the library and media center much in evidence. Plans are to move to the new facility on June 11, said Principal Peter Maluk. He led the 'really excited' student council through the place this week.

Prom, grad night safety **OLCC** goal

If a prom, school skip day, or graduation party involves alcohol, the Oregon Liquor Control Commission (OLCC) hopes to place a stopper before any drinking begins.

That way students can have a safer and healthier spring and summer, said Linda Ignowski, OLCC regulatory director. It's serious business, she added, because alcohol-related accidents are the leading cause of teen-age deaths.

The agency recently mailed 702 letters to enlist support from high and middle school principals, alcohol wholesalers, and the Oregon Limousine and Transportation Association. Hotels and motels that host proms and other teen-age activities are also participating.

OLCC is seeking dates of school proms, parties, graduation and other spring events to share with its regional offices, local law enforcement agencies and major hotels. That way, it'll be aware of the dates and be prepared if alcoholrelated parties occur.

This approach has been very successful in past years, said Ignowski.

"If we learn of an alcoholrelated party, we'll try to stop it before it starts by contacting the sponsor, parents, or property owner and explaining the laws and rules," Ignowski said. "It's illegal for someone in control of a house, apartment or other property to knowingly allow a minor to drink alcohol on the property."

Because limousines are popular with students for proms and graduation, OLCC has asked limo drivers to curb any backseat drinking by underage customers. A letter to the limo association cited laws that prohibit furnishing alcohol or allowing minors to drink in the vehicle.

OLCC and Oregon Beer and Wine Distributors Association have asked 100 wholesalers to tightly monitor keg sales during prom and graduation time, and to refuse the sale if they believe the kegs are going to minors.

"We all want to do everything we can to protect the health and safety of our young people," Ignowski told the wholesalers. "This is one way we can work together," she said.

She urged people who know of plans for an underage drinking party to report it to OLCC at (800) 452-6522 or call local authorities to "stop the party before it begins."

There is nothing so powerful as truth - and often nothing so strange.
