Agreement saves OHP coverage

House and Senate Republican leaders announced that they have reached an agreement with the Oregon Hospital Association that would allow the state to preserve hospital coverage under the Oregon Health Plan (OHP) without the additional cost to the state.

Hospital coverage would be maintained through a hospital assessment that would leverage federal dollars to cover the cost.

Sen. Jackie Winters (R-Salem) chairman of the Joint Ways and Means subcommittee on Human Services said, "It's our hope that this will allow us to restore hospital coverage for our most vulnerable citizens within available resources.

"This represents great progress to ensure the viability of OHP and is consistent with the bi-partisan reforms we have already enacted to put the Health Plan on firmer financial footing."

Key elements of the Republican leadership's plan to preserve hospital coverage under the Oregon Health Plan include:

*Avoiding a \$260 million cost-shift to employers that would result from a loss of state and federal Medicaid resources.

*Stabilizing provider reimbursement rates for OHP Plus and Standard.

*Using short-term financing opportunities with new hospital assessments to encourage greater use of managed care for physician services.

*Reallocation administrative savings from restructured managed care services into direct medical care to meet the needs of low-income Oregonians enrolled in the health plan.
